

Mathematik Zinsen E 8

-
- A large grid of graph paper, 20 columns wide and 15 rows high. A single vertical line runs down the center, between the 10th and 11th columns, dividing the grid into two equal halves of 10 columns each. The grid is composed of small squares, with the vertical line acting as a central axis of symmetry.

- A full page of blank graph paper with a uniform grid of small squares. The grid consists of 20 columns and 20 rows, totaling 400 squares. The lines are thin and black, creating a clean, uncluttered workspace for drawing or writing.

-
- This image shows a full page of blank graph paper. The grid consists of small, equal-sized squares formed by thin black lines. There are 20 columns and 20 rows of squares, creating a total of 400 square units. The margins are consistent on all sides, and there are no markings or text on the paper.

-
- A full-page sheet of white graph paper with a light gray grid. The grid consists of small squares, approximately 10 units wide by 10 units high. There are no margins or additional markings on the page.
