

Q4.6 Inventions

English 7

Warm up: Brainstorming

- ① What are the most important inventions in history? Go to <https://www.menti.com/> to answer.

Group Work:

- ② These are 10 important inventions. You should work together in groups to put the inventions in chronological order. Do not check them from the internet. Each group should write their own list on the board.

Note: The group who can reach the closest date for each invention will get 1 point. If you know the exact date, you get 2 more points.

	Group 1	Group 2	Group 3	Group 4	Answers
the internet					
light bulb					
telephone					
refrigerator					
braille					
thermometer					
microscope					
printing					
paper					
wheel					

TOTAL Points				
--------------	--	--	--	--

Q4.6 Inventions

English 7

Speaking:

- ③ You should study in pairs, A and B. Students in pairs take turns to choose an invention from the list and to talk about its positive and negative effects. You should speak for about 2 minutes about each invention.

Invention	Negative Effects	Positive Effects
Beispiel: Internet	security problems	reaching information so fast
