Song: What do you see?

Lyrics:

What do you see,
is what it will be.

Five frogs in green,
you have never seen.

Can you see it?
you won't believe it!

Six birds in blue,
singing, "What can I do?"

One pig in pink
oh my god — it stinks!

Seven butterflies in red,
danced around my head.

Two cats in grey
they just want to play.

Eight spiders in black,
I'm scared — I'm going back!

Three chickens in yellow
we stop and say hello.

Nine sheep in white,
help me sleep at night.

Four horses in brown
galloping fast into town.

Ten different colours
feel just like my brothers.
