English R, E 5

I'm Ola

"Hi, I'm Ola and I'm ten years old.

My family is super big and we all live very close to each other in the city of London.

There is always a lot of going on birthdays or other family events.

Both of my cousins look alike since they are twins.

They both also like to wear the same clothes which makes it hard to find out who is who.

We call them Tin and Tan in our family, even though their names are Thomas and Otto.

Their mother, my aunt Lucy, is such a sweetheart and her most favourite thing to do is baking cakes.

Oh, her cakes are delicious!

She brings them to every occasion and the people go crazy about them.

My other aunt, Linda, is one busy woman.

She is running two businesses together with my uncle and her daughter Ruby.

So their whole family is always busy thinking about their shops and their costumers.

I love being in their shop!

Linda's goal is to sell nice things to nice people, whereas my uncle's dream is to make a lot of money.

Sometimes there are big arguments about this and my mother, Linda's sister, usually tries to help out.

But what do you think helps the most?

Lucy's cakes of course!"
